The point of delivery shall be at such an elevation or the water shall be delivered at such a pressure that all the irrigable land in the parcel or group of parcels may be supplied.

The owner of land upon which water is authorized to be used shall provide and maintain all the works necessary for carrying the water from the point or points of delivery specified for his land to the place of use, and for utilizing the water, and for taking care of the waste or superfluous water resulting from the irrigation of his land: Provided that, when any parcel of land is subdivided into parcels of less than forty acres pursuant to a plan of subdivision filed in the Land Registry Office after the first day of June, 1920, all works made necessary by reason of such subdivision shall be constructed by the owner of the

land so subdivided, according to plans and specifications approved by the Trustees, and when constructed as aforesaid the improvement district shall maintain and operate such of the said works as are necessary to carry the water to the additional points of delivery approved by the Trustees; but where a parcel of any such subdivision is less than five acres in area, such of the said works as are required to carry the water to such parcel shall be maintained and operated by the improvement district at the expense of the owner of the said parcel: Provided that the improvement district shall construct a sub-lateral ditch on the western boundary of the South-west Quarter of Section 24, Township 6 (commonly known as the "Bellevue Ranch") for the delivery of water to the said land and to the North-west Quarter of the said section, and shall maintain and operate the said ditch and the existing distribution system situated on the said South-west Quarter of Section 24 upon the owner thereof granting or surrendering free of charge therefor to the said improvement district all water rights and licences for irrigation water appurtenant to the said South-west Quarter of Section 24, and the said distribution system and rights-of-way for the said ditch and distribution system, and all other rights-of-way and other easements necessary for the maintenance and operation of the works commonly known as the "South Canal and siphon": Provided always that the improvement district shall not in any case be obliged to construct or undertake the maintenance or operation of any works as aforesaid until the owners of the land to be entered upon and of the land to be served by the additional works shall have granted to the improvement district free of charge therefor all rights-of-way and other easements that may be necessary for the maintenance and operation of the said works.

SPECIAL PROVISIONS.

13. The rate of taxes that may be levied by the Trustees upon each acre of the land classified in the first assessment roll as Grade B lands shall be equal to that levied upon an acre classified as Grade A lands, and for a period of five years after incorporation the rate that may be levied on each acre of Grade C lands shall be one-tenth of that levied on an acre classified as Grade A lands, and there shall be no rate upon Grade D lands: Provided, however, that where the owner of any land ready for irrigation shall have made written application to the improvement district for water on or before the first of September of the preceding year, and the works necessary to be constructed by the District to deliver water to the said land shall not have been constructed by the date of the sitting of the Court of Revision next following the making of the said application, the said lands shall be entered in the new assessment roll as Grade D lands.

14. The improvement district shall charge and recover, in addition to all other taxes, rentals, tolls, and charges levied upon or payable in respect of any land, a bonus of twenty dollars (\$20) per acre for each irrigable acre of land, or in lieu of such bonus it may charge and recover a special rental of two dollars (\$2) per acre per annum for each irrigable acre of land for a period of fifteen (15) years, and shall require payment of such bonus or special rental before agreeing to supply or before supplying any water to any such land, or before agreeing to construct or before constructing any works necessary to supply water to any such land; but this power and authority shall not apply to or affect any lands which are shown coloured red upon a plan deposited in the office of the Comptroller of Water Rights, which plan is marked "X," dated October 1920, and is signed for identification by the said Comptroller, and a duplicate whereof is filed in the office of the Government Agent at Vernon, and also shall not apply to or affect any lands in respect of which a bonus or an equivalent had been paid before the first day of October, 1920, to the White Valley Irrigation and Power Company, Limited, or in respect of which there was in force on that date any water agreement made with the White Valley Irrigation and Power Company, Limited, or with Lord Aberdeen

(now Marquis of Aberdeen and Tamair), or with the said Coldstream Estate Company, Limited.

15. The water available for delivery from any of the sources of supply of the improvement district, when no rotation of use or other regulation of the natural flow thereof is considered by the Trustees necessary to conserve the supply of water, and when no water from storage-reservoirs is required to supplement such natural flow, shall be deemed to be "flood-water," and it shall be within the powers of the Trustees to determine for each source of supply the periods during which flood-water may be supplied and to fix the tolls chargeable for such flood-water: Provided further that the water of Coldstream Creek shall be deemed to be flood-water at all times save when storage-water is required to supplement the natural flow of that stream in order to satisfy the needs of all the lands served therefrom, and the tolls chargeable for such flood-water shall not exceed ten per centum of the current tolls charged in respect of water other than flood-water; and provided also that the water supplied for the irrigation of District Lot 432 shall be deemed to be flood-water at all times, and water supplied for the irrigation of District Lot 434 shall to the extent of fifty acre-feet per annum be deemed to be flood-water.

16. The said improvement district shall acquire the licences and irrigation system now held or operated by the White Valley Irrigation and Power Company, Limited, and the licences and irrigation systems now held or operated by the Coldstream Estate Company, Limited, except its right to divert water from Coldstream Creek for power purpose and from Deer Creek and Abbotfield Springs for domestic purposes, and the works maintained for the exercise of the said rights, and shall be charged with and liable for the repayment into the Conservation Fund of all the moneys expended from the said Conservation Fund in connection with the irrigation system of the said White Valley Irrigation and Power Company, Limited, and the interest on the said moneys, and of the following sums approved by the local organization committee to be advanced from the said Conservation Fund and paid as hereunder mentioned, namely:—

- (a.) £30,000 sterling to Sir James Buchanan for the transfer or discharge of all his claims against the White Valley Irrigation and Power Company, Limited, including his debentures issued by that company.
- (b.) \$27,164.15 to the Bank of Montreal in full settlement of all its claims, except upon the current account mentioned in sub-clause (c) hereof, against the said White Valley Irrigation and Power Company, Limited, and the said licences and irrigation system of said company, and for the transfer or discharge of all the securities held by the said bank in respect thereof.
- (c.) \$3,733.08 to the Bank of Montreal in settlement of said current account.
- (d.) \$56,925 to the Coldstream Estate Company, Limited, for the purchase of all its right, title, interest, and equity in and to the water licences now held by it (except as above mentioned), and in, to, and upon the main works of the Coldstream Internal Irrigation System and of the "Ranch Ditches," and in, to, and upon the wooden pipe now laid by the said company on Lots 137, 138, 139, 140, 141, 165, 166, and 167 of the Buchanan Subdivision No. 1, Registered Map No. 1217, freed and discharged from any mortgage or debenture created by the said company or any of its predecessors in title affecting the same respectively, subject to the retention of \$29,000 from the said sum for the purposes mentioned in clause 17 hereof.
- (e.) To the Coldstream Estate Company, Limited, the sum required to reimburse it for the cost of reconstruction of the spillway-works at the intake of the mill-pond ditches on District Lot 57, which work was undertaken by the said company with the approval of the local organization committee.

(f.) \$850 to Colonel George Osborne for the purchase of the wooden-stave pipe and its appurtenances situated on or near the eastern boundary of the South-west Quarter of Section 24, Township 6, and commonly known as the "Osborne Pipe."

17. Of the said sum of \$56,925, the sum of \$29,000 shall be deposited in a special account in the Bank of Montreal at Vernon, B.C., in the names of the Coldstream Estate Company, Limited, and of Edwin Harold Cunliffe, the latter representing the owners of land in respect of which there are outstanding at the date of these Letters Patent water agreements made with Lord Aberdeen (now Marquis of Aberdeen and Tamar) or the Coldstream Estate Company, Limited, before the tenth day of July, 1919, and in respect of which lands there have been paid or remain due and payable to the said Coldstream Estate Company, Limited, water rates, tolls, or rentals for the use of the said company's works or for the carriage, delivery, or supply of water for the irrigation of such land during the irrigation season of 1920, which said owners are hereinafter referred to as "the said agreement-holders":

Provided that any owner who has paid or has been charged by the Coldstream Estate Company, Limited, water rates, tolls, or rentals for irrigation-water for the season of 1920 may for the purpose of this clause be considered an agreement-holder by the special committee hereinafter mentioned with the approval of the Coldstream Estate Company, Limited, but such payment shall not necessarily entitle any such owner to compensation. There shall be paid to each of the said agreement-holders such sum as may be allotted and apportioned to him by a special committee composed of the said Edwin H. Cunliffe, W. F. Laidman, and L. A. C. Kent, or their successors in office, payable only as to seventy-five per cent. of the amount so allotted and apportioned to him when he shall have duly executed and delivered to the said committee for the Coldstream Estate Company, Limited, a transfer or release or surrender in form approved by the said company of every agreement or lease held by him for the carriage, use, or supply of irrigation-water to his lands, and all his claims in, to, and upon any irrigation-works or irrigation-water licences (if any) appurtenant to his land, and a conveyance to the said improvement district of all rights-of-way and other easements over his land that may be required for the acquisition, operation, and full enjoyment of the licences and system of the improvement district; and as to twenty-five per cent. of the amount so allotted and apportioned to him, only when all of the agreement-holders shall have transferred or released all their claims and surrendered their agreements or leases and assured such rights-of-way and other easements as aforesaid.

The sum to be paid to each of the said agreement-holders shall be allotted and apportioned by the said committee, and the decision of the said committee as to who is or who is not entitled to any payment out of the said special account as an agreement-holder, if concurred in by the Coldstream Estate Company, Limited, shall be final; but in case of difference thereon between the committee and the said Coldstream Estate Company, Limited, the same shall be referred to the Government Agent at Vernon, whose decision shall be final. The decision of the committee as to the amount which should be allotted and apportioned to any agreement-holder found entitled to compensation shall be final.

If the total acreage in respect of which the said committee determines that payments shall be made out of the said special account does not aggregate 1,450 acres, a sum representing twenty dollars per acre for the acreage under that area shall, when all the allotments have been made, be paid out of the said special account to the said company.

In the case of a vacancy in the said committee, the majority of the said agreement-holders present at a meeting called by or on behalf of the other members of the committee for that purpose or not less than two days' notice published in a local newspaper may select another of the said agreement-holders to fill such vacancy. Such committee

may also from time to time appoint another person in the place of the said Cunliffe, and upon such appointment the special account shall be vested in the said company and the new appointee jointly for the purposes aforesaid.

18. All licences for irrigation purposes now held or enjoyed by the White Valley Irrigation and Power Company, Limited, or the Coldstream Estate Company, Limited, under the Water Acts or under chapter 50 of the Statutes of British Columbia, 1909, and all licences by whomsoever held for irrigation purpose appurtenant to any land within the territorial limits, and all rights-of-way and other easements in respect thereof now held or enjoyed by the said companies or licensees, or any of them, by virtue of the reservation contained in the grants from the Crown of the said lands, the acquisition of licences, and the construction of works, or by possession, or by deed or grant or otherwise held or enjoyed, shall from and after the date of its incorporation be the property of the improvement district; and the said improvement district shall be entitled to all other rights-of-way and other easements that may be or become necessary for the acquisition, operation, and (or) use of the licences and system of the said improvement district, and its officers, agents, and workmen shall have authority to enter upon, use, or take any land within the territorial limits for the purpose of surveying, constructing, extending, and (or) repairing the ditches, flumes, and (or) pipes of said system, and, save as provided in clause 16 hereof, the owner of any such lands shall not be entitled to any compensation therefor; and the said improvement district shall from the date of its incorporation have the sole right to convey water for irrigation purpose to any land within the territorial limits.

19. The Trustees of the said improvement district shall make to the owners or occupiers of or other persons interested in real property entered upon, occupied, or used by the improvement district in the construction or operation of its works, or injuriously affected by the exercise of any of its powers, due compensation for any damage (including interest upon the compensation at the rate of six (6) per centum per annum from the time the real property was entered upon, occupied, or used, and including the cost of fencing and repairing, removing or replacing buildings, relaying and making good sewerage, water and gas pipes, and electric wiring when required) necessarily resulting from the exercise of such powers beyond any advantage which the claimant may derive from the contemplated works, and every claim for such compensation shall be decided pursuant to the provisions of Schedule C of the "Water Act, 1914," as amended.

20. Save and except as herein contained, whenever the Trustees in the exercise of any of their powers enter upon, take, or use any real property they shall make to the owner thereof due compensation for the real property so entered upon, taken, or used, and they shall have the power to purchase any such real property by agreement or to acquire it by expropriation pursuant to the provisions of Schedule D of the said Act.

21. Sections 32, 97 to 116 (inclusive), 256A, 267A, and 268A of the "Water Act, 1914," as amended shall not apply to the said improvement district.

22. In these Letters Patent, unless the context otherwise requires, the meanings assigned by section 3 or section 172A of the "Water Act, 1914," to the words and expressions therein specified shall be applicable.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent, and the Great Seal of Our said Province of British Columbia to be hereunto affixed.

WITNESS, Our Trusty and Well-beloved Colonel the Honourable EDWARD GAWLER PRIOR, a Member of Our Privy Council for Canada, Lieutenant-Governor of Our said Province, at Our Government House, in Our City of Victoria, this ninth day of December, in the year of our Lord one thousand nine hundred and twenty, and in the eleventh year of Our Reign.

By Command.
